Patent Pending

NET WT 1.4 OZ (40 g)

0527-10-0399

Ingredients: Purified Water, C12-15 Alkyl Benzoate, Glycerin, Cetyl Alcohol, Cetearyl Alcohol, Camellia Oleifera Extract, Octyl Hydroxystearate, Dimethicone, Retinol, Panthenol, Disodium EDTA, Tocopherol, Cetearyl Glucoside, Tocopheryl Acetate, Polysorbate 20, Triethanolamine, Methylparaben, Propylparaben, Diazolidinyl Urea, BHT, Carbomer.

Neutrogena Healthy Skin® Anti-Wrinkle Cream is a Retinol facial treatment with Multi-Vitamins that visibly reduces the signs of sun damage such as fine lines, wrinkles, and age spots.

Reduces visible signs of sun damage. Retinol, Vitamin A in its purest form, works deep within the skin's surface where wrinkles develop to visibly reduce the appearance of fine lines, wrinkles and age spots. Patent pending formula increases skin firmness and makes pores appear smaller and tighter.

Softens and smoothes skin. Combination of Pro-Vitamin B5, Vitamin E and special moisturizers works with skin's natural mechanisms to even out skin tone and build moisture levels for softer, smoother skin. Creamy, non-greasy formula absorbs quickly into the skin. Works well alone or under make-up.

Effectively reduces the appearance of fine lines and wrinkles, and provides the following results:

	WEEK	1	4	8
Increased skin firmness		○	●	●
Softer & smoother skin		●	●	●
Evens out skin tone		○	○	●
Reduced appearance of large pores		○	○	●

○ Noticeable Improvement

● Significant Improvement

Caution: Avoid contact with eye area. If product gets into eyes, rinse thoroughly with water.
